being first duly sworn, testified as follows:

MR. PRINGLE: And let me just add, my name is Jack Pringle. I represent the applicant in this case. And Ms. Burke, we could tell if you were raising your hand. We know that you did raise your hand. We have ways of knowing that; but in this case, you definitely.

So anyway, this is the case of Salt
Marsh Ventures, LLC d/b/a Two Men and a Truck of
Beaufort for a Class E, household goods, certificate
of public convenience and necessity. And this is
Alice Burke, shipper witness deposition that was set
up or allowed by a commission order or directive
that I don't need to publish here.

And, Jenny, do you want to just introduce yourself before we get started?

MS. PITTMAN: Yes. My name is Jenny Pittman and I'm an attorney for the Office of Regulatory Staff.

EXAMINATION

BY MR. PRINGLE:

Q. All right. Well, we'll go ahead and get started with this deposition. Ms. Burke, if you could, please state your name and business address

for the record.

- A. Yes. Alice Burke and my business address is 1503 Paris Avenue in Port Royal, South Carolina.
 - Q. Okay. What do you do for a living?
- A. I am a real estate -- well, realtor.

 I'm an agent there at the Apex Real Estate Office in

 Port Royal.
- Q. What is your -- well, before we get into that, tell me a little bit about your background, you know, maybe prior to this particular company.
- A. Well, before Apex Real Estate, I worked approximately 16 years downtown in retail in Beaufort at Bay Street Outfitters. So that's where I was for, you know, 16 years before I went into real estate; but I have had my real estate license -- when I first received my license back in 2006, I had it activated for a little while and then went into retail and then back into real estate.
- Q. Okay. Talk a little bit about where you've lived or have you lived in the Beaufort area or the Port Royal area for a while?
- A. I have lived in Beaufort -- well, born and raised in Seabrook, which is outside -- it's Beaufort County. And have lived in the City of

2 Port Royal now since -- well, I've had it active

3 | since 2015.

- Q. Okay. And just for my edification, it shows how little I know about the geography, explain where Port Royal is in proximity to Beaufort and the other places you've been talking about so far.
- A. Beaufort and Port Royal are real close together. Just to kind of give you an example. I live on West Royals Oaks Drive in Beaufort and you can actually get into your golf cart and drive the back roads to Port Royal. So Port Royal is five to ten minutes away from Beaufort.
- Q. Okay. All right. And talk a little bit more about what about your company does. I mean, you've already described it a little bit; but talk a little bit more about what that involves.
- A. Well, you know, it's Apex Real Estate and it is owned by a mother and son that have been involved in real estate for a very long time. Sing is, you know, in her 80s and Carl is her son that's about my age, so I want to say he's in his late 50s. And the business that we handle there at our real estate office is, of course, selling and listing residential and commercial property.

- Q. Okay. Give me a sense of what your, if you know -- and, again, this is back of the envelope or just off the top of your head, what the percentage mix is between residential and commercial property.
- A. Oh, gosh. I would say, if I had to guess off the top of my head if I was looking at percentages, that there's probably -- I mean, I know that's there more residential properties that we handle than commercial. You know, percentage wise, I would say probably 85 percent more residential than commercial.
- Q. Sure. Okay. And how is -- you know, for lack of a better characterization, how is business right now for you and your company?
- A. Business is really good. You know, we have -- we have several listings. We're a small -- small company; but we have several listings. And what I've noticed is that some things that you list will go quickly and then some things that you may have had listed for six months to a year is, you know, selling as well. So it's kind of all across the board as far as, you know, real estate. I know that just in my --

And I know that in the Bluffton area that things are, you know, really hopping and they've been very busy with, you know, their residential properties. So that's where I was going with that.
 - 0. Okay.

 - A. So we can just tell that there's an increase, you know, and that it's been really -- and it's been increasing since, I think, 2014 --
 - Q. Okay. What kinds of --
 - A. -- for properties.
 - Q. What kinds of things, you know, show that increase? I mean, what do you know about in what you've talked about there in Beaufort County, Bluffton, Jasper County? What kinds of things are fueling that growth?
 - A. Well, I think, you know, one thing that is fueling the growth is that just with, you know -- I can just give an example if, you know, if you ever read Southern Living Magazine, they have Beaufort listed as one of the top -- the best small town.

 And, you know, so of course that attracts a lot of people to move to the coast.

I think, you know, the port selling in Port Royal and they're starting to develop it. And, you know, then of course, houses are being built, you know. And I just think that there's a lot of people that are -- that are interested in living on the coast so, of course, there's growth that comes

- Q. Okay.
- A. I mean, you know, an example, our highway. You know, Highway 21 coming into Beaufort, you know, that has been redesigned now to help with traffic flow. So, you know, there's all kinds of things happening here in Beaufort.
 - Q. Okay. Yes.
 - A. And the surrounding area.
- Q. You mentioned the port in Port Royal.

 Talk a little bit about what that's expected to do

 in terms of people and growth.
- A. Right. Well, the port has sold and so what is going on with that and, you know, of course I have done -- you know, I've stayed on top of it because, of course, we're located in Port Royal. So with their development plan, they plan -- their plan includes 400 residences, you know, approximately. And then they're also going to have stores, restaurants, a hotel, and a marina. So, you know, that's huge for our little community and so it's good. It's a good sign.
- Q. Do you how many jobs there might be created in connection with the construction of that port?

	February 15, 20
1	A. They're talking about, I think, around
2	900 jobs.
3	Q. Okay.
4	A. No. I'm sorry. That's for the Jasper
5	Port.
6	Q. Okay.
7	A. You know, I study both of these. The
8	Jasper.
9	Q. Okay.
10	A. I want to say it was about 400 jobs that
11	will be created for the port of Port Royal.
12	Q. Okay.
13	A. And then, too, we also have another port
14	that's going to be developed in Jasper County and I
15	know that that's going to create about 900 jobs for
16	that area.
17	Q. Okay. And then are there some are
18	there some residential developments in Beaufort and
19	Jasper County that people are moving to?
20	A. Well, we have Sun City and I want to say
21	that might be Jasper County. I can't remember if
22	it's Jasper or Beaufort County. That has 10,000
23	permanent residents and I'm not sure how many
2.4	part-time residents; but there are people that

you know, that's a 55 age or over community.

And

2.2

then there's also talk of a Margaritaville coming and I think that's coming to Hardeeville. From what I've read, that's going to have about 3,000-plus homes in that development as well. So, you know, that's kind of what's going on over in that area.

- Q. Okay. And you mentioned those two developments and that they cater to people who are 55 and over. What do you know about the number of people in the United States that are 55 and over now?
- A. Oh, well, not really sure. I mean, there is a lot of 55 years, you know. I guess the baby boomers so to speak. So, you know, they're starting to think about where they want to retire. And, of course, a lot of those baby boomers want to come to the coast to live.

And so, you know, I can only give you an example of -- I was at an open house and had a couple that had moved to Sun City and, you know, felt like that that's where they wanted to be. But now, they'd had a change of heart and said that they're not -- they're not old enough to be in Sun City, so they're looking for a house now in Beaufort. Just to kind of give you an example of what my exposure has been.

2.2

- Q. Sure. And they're looking to move from one place in South Carolina to another place in South Carolina?
 - A. Of course. And, you know, I've lived that in my life with my child. My child went to school in Charleston at the Citadel and lived in Charleston afterwards and went to law school and then moved from Charleston to Greenville to start, you know, working in his practice.
 - Q. Uh-huh.
 - A. So, you know, there's -- and then I've talked to people that have moved from -- you know, that moved to Myrtle Beach and said, oh, my goodness, it was just too crazy for them. So they moved from Myrtle Beach to Beaufort.
 - Q. Okay. Do you have any personal knowledge about other people moving from one place in South Carolina to another place in South Carolina in the recent past?
 - A. Well, from one place to the next in South Carolina? You know, the one person that rings true to me is, you know, Mr. Barnes that's going to be starting his business. I mean, here he is. He established in Greenville and has decided to start a business here in Beaufort. So that's, you know, one

person that comes to mind for me, you know --

- Q. Sure.
- A. -- that I've been working with.
- Q. Okay.

- A. And I know that there are several others. You know, just to kind of give you an example. I was at another open house and I had a couple that had come in. Well, they had moved to Beaufort, didn't have a whole lot of time to look at houses while they were here, so they moved in one community, which is Picket Fences. And now, they've decided that they're looking for a home that's a little bit more Beaufort. So, you know, that's just moving here within the City itself. So there's a lot of, you know -- I mean, people are changing jobs and so, of course, they're changing their location --
- 18 Q. Sure.
 - A. -- within the State.
 - Q. Okay. And what do you know, from the experiences that you've described, about the moving companies that are currently serving the areas you know about?
 - A. Well, the moving -- I would say lack of moving companies for here, you know, as far as local

2.2

moves go, in state. I think we only have a couple
of companies here and they move like cross county or
out of state. So, you know, there's a need here for
a moving company for people who are moving from
houses or apartments, offices. You know, people
single items, you know. If somebody needs a piano
moved, you know, who are they go to call? They're
not going to call a company that moves people to
Arizona, you know. They need they need a local
company that they can rely on.

- Q. Okay. Do you think the -- do you think the moving market or the market for movers can handle another in the area?
- A. Well, I do. You know, I've done a little bit of research of my own as far as the Two Men and a Truck, you know. And I looked at their business that they've started in Charleston, which is an hour and a half away with two trucks, and that business has increased, you know. I think, they started there in '97 and I want to say that they have like 13 trucks now. And that's, you know, in the Charleston area. So I think that Beaufort can support the business with no problem.

We're looking at a place that has two -- we have an air station and then we also have Patris

2.2

Island, which trains recruits. We have a naval
hospital. We have Beaufort Memorial Hospital. You
know, when you talk about people moving, you're not
only talking about the area; but you have physicians
and nurses and then, you know, schools. I mean,
we've increased we have several new schools, so
then you have teachers that are you know,
educators that are moving into the County as well.

- Q. Excellent. Excellent. And tell me, just to clarify, how do you know Mr. Barnes, who is associated with this company?
- A. Well, I know Mr. Barnes. I met Mr. Barnes through my son. They both went to school together at the Citadel and they both are in the Army Reserves. And Mr. Barnes had mentioned to my son that he was looking for a realtor. And Mark was like, well, I think I know one. My mom is practicing real estate, so that's how I met Robbie.
- Q. Okay. If the company gets the certification or gets the authority that they're seeking in this application, will you refer moves to it?
- A. Absolutely. I told Robbie, you know, anything that I can help him with as our business grows together. Absolutely, I would recommend and
